## Stockholm's Tourism Industry: June 2021

678,312 overnight stays were made during June in commercial accommodation in Stockholm County. This is the highest monthly notation for 2021 and 54% more than in June 2020. At the same time, it is less than half of the number of guest nights made in June 2019. That has also been the overall picture in the last three months.

The recovery in June for Swedish and foreign guests nights is at roughly the same level. But many foreign target groups have increased more than that. However, the variations are significant. For example, German guest nights have risen by 133%, British by only 3% and overnight stays by visitors from India have even decreased. The USA and

Germany are by far the largest foreign target groups during the month.

Compared with June 2019, Swedish guest nights have decreased by 34%, while the decline for most foreign target groups is in the order of 90%.

In 2020, the city of Stockholm was hit to a greater extent by the pandemic than the rest of the county. The recovery in the city is now noticeably higher than in the county and this applies to both domestic and foreign visitors.

Overnight stays for Swedish guests increased during June more in Stockholm County than in the country as a whole.

### Commercial overnight stays in Stockholm County June 2021, top 20
